Smedley Financial Services will act in a manner consistent with the requirements of a fiduciary under ERISA if, based upon the facts and circumstances, such services cause Smedley Financial Services to be a fiduciary as a matter of law. However, in providing the Fiduciary Consulting Services, Smedley Financial Services (a) has no responsibility and will not (i) exercise any discretionary authority or discretionary control respecting management of Client’s retirement plan, (ii) exercise any authority or control respecting management or disposition of assets of Client’s retirement plan, or (iii) have any discretionary authority or discretionary responsibility in the administration of Client’s retirement plan or the interpretation of Client’s retirement plan documents, (b) is not an “investment manager” as defined in Section 3(38) of ERISA and does not have the power to manage, acquire or dispose of any plan assets, and (c) is not the “Administrator” of Client’s retirement plan as defined in ERISA.

Smedley Financial Services provides clients with the following Non-Fiduciary Retirement Plan Consulting Services:

Although an investment adviser is considered a fiduciary under the Investment Advisers Act of 1940 and required to meet the fiduciary duties as defined by the Advisers Act, the services listed here as non-fiduciary should not be considered fiduciary services for the purposes of ERISA since Advisor is not acting as a fiduciary to the Plan as the term “fiduciary” is defined in Section 3(21)(A)(ii) of ERISA.

The exact suite of services provided to a client will be listed and detailed in the Qualified Retirement Plan Consulting Agreement.

All recommendations of investment options and portfolios will be submitted to the client for the client's ultimate approval or rejection. Therefore, it is always the client's responsibility to accept investment recommendations of Smedley Financial Services and then physically make changes to the plan itself.

In the event a client contracts with Smedley Financial Services for one-on-one consulting services with plan participants, such services are consultative in nature and do not involve Smedley Financial Services implementing recommendations in individual participant accounts. It will be the responsibility of each participant to implement changes in the participant's individual accounts.

We can also meet with individual participants to discuss their specific investment risk tolerance, investment time frame and investment selections.

Retirement plan consulting services are not management services, and Smedley Financial Services does not serve as administrator or trustee of the plan. Smedley Financial Services does not act as custodian for any client account or have access to client funds or securities (with the exception of, some accounts, having written authorization from the client to deduct our fees). In addition, we do not implement any transactions in a retirement plan or participant's account. For retirement plan consulting services, the retirement plan or the plan participant who elects to implement any recommendations made by us is solely responsible for implementing all transactions.

Smedley Financial Services will disclose, to the extent required by ERISA Regulation Section 2550.408b-2(c), to you any change to the information that we are required to disclose under ERISA Regulation Section 2550.408b-2(c)(1)(iv) as soon as practicable, but no later than sixty (60) days from the date on which we are informed of the change (unless such disclosure is precluded due to extraordinary circumstances beyond our control, in which case the information will be disclose as soon as practicable).

In accordance with ERISA Regulation Section 2550.408b-2(c)(vi)(A), we will disclose within thirty (30) days following receipt of a written request from the responsible plan fiduciary or Plan Administrator (unless such disclose is precluded due to extraordinary circumstances beyond our control, in which case the information will be disclosed as soon as practicable) all information related to the Qualified Retirement Plan Consulting Agreement and any compensation or fees received in connection with the Agreement that is required for the Plan to comply with the reporting and disclosure requirements of Title 1 of ERISA and the regulations, forms and schedules issued thereunder.

If we make an unintentional error or omission in disclosing the information required under ERISA Regulation Section 2550.408b-2(c)(1)(iv) or (vi), we will disclose to you the correct information as soon as practicable, but no later than thirty (30) days from the date on which we learn of such error or omission.

***Retirement Plan Rollover Recommendations*** - When Smedley Financial Services provides investment advice about your retirement plan account or individual retirement account ("IRA") including whether to maintain investments and/or proceeds in the retirement plan account, roll over such investment/proceeds from the retirement plan account to a IRA or make a distribution from the retirement plan account, we acknowledge that Smedley Financial Services is a "**fiduciary**" within the meaning of Title I of the Employee Retirement Income Security Act ("ERISA") and/or the Internal Revenue Code ("IRC") as applicable, which are laws governing retirement accounts. The way Smedley Financial Services makes money creates conflicts with your interests so Smedley Financial Services operates under a special rule that requires Smedley Financial Services to act in your best interest and not put our interest ahead of you.

Under this special rule's provisions, Smedley Financial Services must as a fiduciary to a retirement plan account or IRA under ERISA/IRC:

- Meet a professional standard of care when making investment recommendations (e.g., give prudent advice);
- Never put the financial interests of Smedley Financial Services ahead of you when making recommendations (e.g., give loyal advice);
- Avoid misleading statements about conflicts of interest, fees, and investments;
- Follow policies and procedures designed to ensure that Smedley Financial Services gives advice that is in your best interest;
- Charge no more than is reasonable for the services of Smedley Financial Services; and
- Give Client basic information about conflicts of interest.

To the extent We recommend you roll over your account from a current retirement plan account to an individual retirement account managed by Smedley Financial Services, please know that Smedley Financial Services and our investment adviser representatives have a conflict of interest.

We can earn increased investment advisory fees by recommending that you roll over your account at the retirement plan to an IRA managed by Smedley Financial Services. We will earn fewer investment advisory fees if you do not roll over the funds in the retirement plan to an IRA managed by Smedley Financial Services.

Thus, our investment adviser representatives have an economic incentive to recommend a rollover of funds from a retirement plan to an IRA which is a conflict of interest because our recommendation that you open an IRA account to be managed by our firm can be based on our economic incentive and not based exclusively on whether or not moving the IRA to our management program is in your overall best interest.

We have taken steps to manage this conflict of interest. We have adopted an impartial conduct standard whereby our investment adviser representatives will (i) provide investment advice to a retirement plan participant regarding a rollover of funds from the retirement plan in accordance with the fiduciary status described below, (ii) not recommend investments which result in Smedley Financial Services receiving unreasonable compensation related to the rollover of funds from the retirement plan to an IRA, and (iii) fully disclose compensation received by Smedley Financial Services and our supervised persons and any material conflicts of interest related to recommending the rollover of funds from the retirement plan to an IRA and refrain from making any materially misleading statements regarding such rollover.

When providing advice to you regarding a retirement plan account or IRA, our investment advisor representatives will act with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims, based on the investment objectives, risk, tolerance, financial circumstances, and a client's needs, without regard to the financial or other interests of Smedley Financial Services or our affiliated personnel.

**Referral of Third-Party Money Managers** - Smedley Financial Services offers advisory services by referring clients to a third-party money manager offering asset management and other investment advisory services. The third-party managers are responsible for continuously monitoring client accounts and making trades in client accounts when necessary. As a result of the referral, we are paid a portion of the fee charged and collected by the third-party money managers in the form of solicitor fees. Each

solicitation arrangement is performed pursuant to a written solicitation agreement and is in compliance with SEC Rule 206(4)-3 and applicable state securities rules and regulations.

Under this program, we assist you with identifying your risk tolerance and investment objectives. We recommend third-party money managers in relation to your stated investment objectives and risk tolerance, and you may select a recommended third-party money manager or model portfolio based upon your needs. You must enter into an agreement directly with the third-party money manager who provides your designated account with asset management services.

We are available to answer questions that you may have regarding your account and act as the communication conduit between you and the third-party money manager. The third-party money manager may take discretionary authority to determine the securities to be purchased and sold for your account. We do not have any trading authority with respect to your designated account managed by the third-party money manager.

Although we review the performance of numerous third-party investment adviser firms, we enter into only a select number of relationships with third-party investment adviser firms that have agreed to pay us a portion of the overall fee charged to our clients. Therefore, Smedley Financial Services has a conflict of interest in that it will only recommend third-party investment advisors that will agree to compensate us for referrals of our clients.

Clients are advised that there may be other third-party managed programs not recommended by our firm, that are suitable for the client and that may be more or less costly than arrangements recommended by our firm. No guarantees can be made that a client's financial goals or objectives will be achieved by a third-party investment adviser recommended by our firm. Further, no guarantees of performance can ever be offered by our firm (*Please refer to Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss for more details.*)

Fees for partial periods will be prorated based on the number of days that services were provided during the billing period. Fees are prorated (based on the number of days service is provided during the initial billing period) for your account opened at any time other than the beginning of the billing period. Retirement plan sponsors may also elect to pay all or a portion of fees for the individualized services provided by us to the plan participants.

Fee will be directly deducted from clients' accounts or the client may elect to have an invoice prepared and sent for the fee billing. If the fees are deducted clients will be required to provide the custodian with written authorization to deduct the fees from the account and pay the fees to Smedley Financial Services. We will provide the custodian with a fee notification statement.

Either party may terminate services by providing written termination to the other party. If services are terminated within five business days of executing an agreement for services with us, services will be terminated without penalty. After the initial five business days, you will be responsible for payment of fees for services completed prior to termination of services. If services are terminated mid-period, a prorated fee is charged based on the number of days that services were provided during that period.

Smedley Financial Services does not reasonably expect to receive any other compensation, direct or indirect, for its Services. If we receive any other compensation for such services, we will (i) offset that compensation against our stated fees, and (ii) will disclose the amount of such compensation, the services rendered for such compensation and the payer of such compensation to you.

### **OWI Programs**

#### **VISION2020 WEALTH MANAGEMENT PLATFORM – ADVISOR MANAGED PORTFOLIOS PROGRAM**

The Wealth Management Platform – Advisor Managed Portfolios Program (“Advisor Managed Portfolios”) provides comprehensive investment management of your assets as well as the provision of execution, clearing and custodial services through National Financial Services, Inc. (“NFS”).

Advisor Managed Portfolios provides risk tolerance assessment, efficient frontier plotting, fund profiling and performance data, and portfolio optimization and re-balancing tools. Utilizing these tools and based on your personal investment objectives and goals, time horizon, risk tolerance, account restrictions, needs, personal circumstances and overall financial situation, we will recommend a model portfolio of investments for you. Your portfolio is invested amongst a mix of stocks, bonds, exchange-traded funds, mutual funds and other securities (“Program Investments”) which are based on your investment goals, objectives, and risk tolerance.

Each model portfolio is designed to meet specific goals and objectives. Additionally, you have the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

For further Advisor Managed Portfolios details, please see the Advisor Managed Portfolios Program Brochure. We provide this brochure to you prior to or concurrent with your enrollment in Advisor Managed Portfolios. Please read it thoroughly before investing.

### ***Description of Fees***

The annual management fees charged for these programs will be negotiated with each client, with 3% being the maximum management fee that may be charged to clients unless the Account only has mutual funds and then the maximum will be 2.25%. OWI retains up to 17 basis points (.17%) of the annual management fee for the Vision 2020 Programs. The actual management fee to be charged for these services will be specified in your client agreement.

VISION2020 is responsible for calculating and collecting all fees paid by our clients through these programs. VISION2020 will then journal our portion of the advisory fee to Smedley Financial Services, Inc.

A complete description of Wealth Management Platform related fees, charges, when due and termination procedures are described in the Wealth Management Platform Wrap Fee Program Brochure prepared by VISION2020. Please read it thoroughly before investing.

### **Third-Party Money Managers**

Third-party managers generally have account minimum requirements that will vary among third-party money managers. Account minimums are generally higher on fixed income accounts than for equity based accounts. A complete description of the third-party money manager's services, fee schedules and account minimums will be disclosed in the third-party money manager's disclosure brochure which will be provided to you prior to or at the time an agreement for services is executed and the account is established.

Smedley Financial Services utilizes a third party platform that allows us to select from a variety of unaffiliated money managers. The actual fee charged to you will vary depending on the third-party money manager selected. All fees are deducted by the Platform provider which pays a portion of the fee to the money manager selected for the client account, a platform fee is charged by the Platform Provider and the remainder is sent to Smedley Financial Services. The total fee to be charged will be disclosed in your client agreement.

Under this program, you may incur additional charges including but not limited to, mutual fund sales loads, 12b-1 fees and surrender charges, and IRA and qualified retirement plan fees.

We have a conflict of interest by only offering those third-party money managers available on the platform selected and have met the conditions of our due diligence review. There may be other third-party money managers that may be suitable for you that may be more or less costly. No guarantees can be made that your financial goals or objectives will be achieved. Further, no guarantees of performance can be offered.

### **General Disclosures**

Advisory fees charged are calculated as previously described, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds, or any portion of the funds of an advisory client (15 U.S.C. §80b-5(a)(1)).

Smedley Financial Services, Inc. does not represent, warranty, or imply that the services or methods of analysis employed by the firm can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines.

We will not maintain custody of client assets. Assets will be maintained by a qualified custodian. Brokerage commissions and/or transaction ticket fees charged by the custodian and/or clearing broker/dealer are billed directly to you. We do not receive any portion of such commissions or fees from the custodian or client. In addition, you may incur certain charges imposed by third parties other than us in connection with investments made through the account, including but not limited to, mutual fund sales loads, 12(b)-1 fees and surrender charges, variable annuity fees and surrender charges, and IRA and qualified retirement plan fees. Advisory fees charged by us are separate and distinct from the fees and expenses charged by investment company securities that may be recommended to clients. A description of these fees and expenses are available in each investment company security's prospectus.

Custody of all investment management accounts will generally be held at an independent custodian. In most cases, the custodian will be NFS or the specific mutual fund or insurance company that issued the mutual fund or variable life/annuity product. In addition to the *Investment Advisory Agreement*, you may be required to execute a separate agreement with the specific custodian, mutual fund and/or insurance company. Both our *Investment Advisory Agreement* and custodial agreement may authorize the designated custodian to debit the account for the amount of our management fee and to directly remit that management fee to us in accordance with required SEC procedures.

Factors which we consider in recommending NFS (or other broker/dealers/custodians) to you include financial strength, reputation, execution, pricing, research and service. Certain broker/dealers/custodians enable us to obtain many no-load mutual funds without transaction charges and other no-load and load waived funds at nominal transaction charges. Broker/dealers and custodians generally charge commission rates which are generally considered discounted from customary retail commission rates.

Although the commissions and/or transaction fees that may be paid by our clients will comply with our duty to obtain best execution, you may pay a commission that is higher than another qualified broker/dealer might charge to effect the same transaction where we determine, in good faith, that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker/dealer services, including the value of research provided, execution capability, commission rates and responsiveness. Accordingly, although we will seek competitive rates we may not necessarily obtain the lowest possible commission rates for your account transactions. The brokerage commissions and/or transaction fees charged by the designated broker/dealer/custodian are exclusive of, and in addition to, our investment advisory fee.

Custodians and/or broker/dealers generally charge transaction fees and/or commissions for effecting certain mutual fund securities transactions. In addition to our investment management fee, brokerage commissions and/or transaction fees, you will also incur, relative to all mutual fund and variable investment products, charges imposed at the mutual fund and variable investment product level (e.g. advisory fees and other fund expenses). The brokerage commissions, transaction fees and/or custodial fees charged are exclusive of, and in addition to, our investment management fee. Certain of the mutual funds and/or variable life/annuity products which comprise of your investment portfolio may have been purchased by you, prior to, contemporaneous with or subsequent to the engagement of us, through our

principals and/or associated persons, in their individual capacities as registered representatives of OWI, for which product sales our principals and/or associated persons may have been paid a commission.

In addition, our principals and/or associated persons, relative to commission mutual fund sales, also in their individual capacities as registered representatives of OWI, may also receive on-going 12b-1 trailing commission compensation from a specific mutual fund company during the period that you maintain the mutual fund investment in your portfolio managed by us. Our investment management fee is exclusive of, and in addition to, any such commission charges.

Certain investment opportunities that become available to our clients may be limited. For example, various mutual funds may, from time to time, limit the number of shares available for purchase by mutual fund asset allocators, such as us. In order to meet our fiduciary duties to all of our clients, we will endeavor to allocate investment opportunities among all clients on a fair and equitable basis. However, except as otherwise provided by federal or state securities laws, we will not be liable for an adverse decision by a mutual fund or insurance company to unilaterally restrict and/or prohibit such asset allocation activities of ours.

In performing our services, we will not be required to verify any information received from you or from your other professionals, and is expressly authorized to rely thereon. You are free to accept or reject any recommendation made by us. Moreover, each client is advised that it remains your responsibility to promptly notify us if there is ever any change in your financial situation or investment objectives for the purpose of reviewing/evaluating/revising our previous recommendations and/or services.

Our clients are advised to promptly notify us if there are ever any changes in your financial situation or investment objectives or if you wish to impose any reasonable restrictions upon our management services.

Neither Smedley Financial Services or you may assign the *Financial Planning and Consulting Agreement* or the *Investment Advisory Agreement* without the prior consent of the other party. Transactions that do not result in a change of actual control or management of ours will not be considered an assignment.

A copy of our written disclosure statement Form ADV Part 2A will be provided to each client prior to or contemporaneously with the execution of the *Financial Planning and Consulting Agreement* or the *Investment Advisory Agreement*. Any client who has not received a copy of our disclosure statement at 48 hours prior to executing the *Financial Planning and Consulting Agreement* or the *Investment Advisory Agreement* will have five business days subsequent to executing the agreement to terminate our services without penalty.

### **Newsletters**

Newsletter subscriptions will be provided without charge for existing clients. New subscribers will be offered a fixed non-refundable annual subscription fee of \$500.00. Promotional discounts to the annual fee may be offered periodically throughout the year at the discretion of the advisor.

### **Comparable Services**

We believe our fees for advisory services are reasonable with respect to the services provided and the fees charged by other investment advisors offering similar services. However, lower fees for comparable services may be available from other sources.

### **Compensation for the Sale of Securities or Other Investment Products**

As briefly disclosed in *Item 4 – Advisory Business*, our advisor representatives can sell securities in their separate capacities as registered representatives of Osaic Wealth. In addition, they may sell insurance products in their capacities as independent insurance agents for sales commissions.

Some of the advice offered by our advisor representatives may involve investments in mutual fund products. Load and no-load mutual funds may pay annual distribution charges sometimes referred to as 12b-1 fees. However, our advisor representatives do not receive any portion of the 12b-1 fees paid and other compensation such as commissions, loads, trails, etc. when holding mutual funds in VISION2020 Wealth Management Platform accounts. Because we only receive advisory fees charged to clients, there is not an incentive for us to recommend investment products paying commissions and other fees when selecting mutual funds. Therefore, we primarily recommend no-load mutual funds and mutual funds priced at net-asset-value.

When administering non-advisory, non-fee based accounts through Osaic Wealth, our advisor representatives will receive normal and customary commissions. This will include a portion of 12b-1 fees, trailer fees, and loads from some investment companies. Clients should be aware that these 12b-1 fees come from fund assets, and thus, indirectly from client's assets. The receipt of these fees could represent an incentive for registered representatives to recommend funds with 12b-1 fees or higher 12b-1 fees over funds with no fees or lower fees, therefore creating a conflict of interest. The brokerage commissions charged by OWI may be higher or lower than those charged by other broker/dealers

You are never obligated to use Osaic Wealth and you are never obligated to purchase investment products through our investment advisor representatives. You have the option to purchase investment products through other brokers or agents that are not affiliated with Smedley Financial Services.

### **Item 6 – Performance-Based Fees and Side-By-Side Management**

Item 6 is not applicable to this Disclosure Brochure because Smedley Financial Services, Inc. does not charge or accept performance-based fees. Performance-based fees are fees based on a share of capital gains or capital appreciation of the assets held within a client's account.

### **Item 7 – Types of Clients**

Smedley Financial Services, Inc. generally provides investment advice to the following types of clients:

- Individuals
- High-Net Worth Individuals
- Pension and profit sharing plans
- Trusts, estates, or charitable organizations
- Corporations or business entities other than those listed above

### **Minimum Investment Amounts Required**

Osaic Wealth's VISION2020 Wealth Management Platform requires a minimum account value of \$25,000. Smedley Financial's Managed Account Program for Fidelity 403(b) accounts requires a minimum account value of \$25,000. Smedley Financial's Managed Account Program for Independent Custodial Account or Other Custodial Account requires no minimum account value. Minimum account values may be negotiable, depending on type of program and overall client account values.

Financial Planning and Consulting minimum fixed fee is \$200 and the minimum hourly rate is \$150.

The Model Portfolios Managed by Smedley Financial Services have established minimum investment amounts as disclosed in *Item 5 – Fees and Compensation*

All clients are required to execute an agreement for services in order to establish a client arrangement with Smedley Financial Services, Inc. and/or the third-party money manager or the sponsor of third-party money manager platforms.

Third-party money managers may have minimum account and minimum fee requirements in order to participate in their programs. Each-third party money manager will disclose its minimum account size and fees in its Form ADV Part 2A Disclosure Brochure.

## **Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss**

### **Methods of Analysis**

Smedley Financial Services, Inc. uses the following methods of analysis in formulating investment advice:

Charting - The set of techniques used in technical analysis in which charts are used to plot price movements, volume, settlement prices, open interest, and other indicators, in order to anticipate future price movements. Users of these techniques, called chartists, believe that past trends in these indicators can be used to extrapolate future trends.

Cyclical - Analyzes the investments sensitive to business cycles and whose performance is strongly tied to the overall economy. For example, cyclical companies tend to make products or provide services that are in lower demand during downturns in the economy and higher demand during upswings. Examples include the automobile, steel, and housing industries. The stock price of a cyclical company will often rise just before an economic upturn begins, and fall just before a downturn begins. Investors in cyclical stocks try to make the largest gains by buying the stock at the bottom of a business cycle, just before a turnaround begins.

Fundamental - A method of evaluating a security by attempting to measure its intrinsic value by examining related economic, financial and other qualitative and quantitative factors. Fundamental analysts attempt to study everything that can affect the security's value, including macroeconomic factors (like the overall economy and industry conditions) and individually specific factors (like the financial condition and management of companies). The end goal of performing fundamental analysis is to produce a value that an investor can compare with the security's current price in hopes of figuring out what sort of position to take with that security (underpriced = buy, overpriced = sell or short). This method of security analysis is considered to be the opposite of technical analysis. Fundamental analysis is about using real data to evaluate a security's value. Although

most analysts use fundamental analysis to value stocks, this method of valuation can be used for just about any type of security.

Technical - A method of evaluating securities by analyzing statistics generated by market activity, such as past prices and volume. Technical analysts do not attempt to measure a security's intrinsic value, but instead use charts and other tools to identify patterns that can suggest future activity. Technical analysts believe that the historical performance of stocks and markets are indications of future performance.

### **Use of Primary Method of Analysis or Strategy**

Smedley Financial Services, Inc.'s primary method of analysis or strategy is proactive investing. Some of the risks involved with using this method include market risk and active trading risk. Frequent trading of securities may have a positive or negative impact on investment performance. Performance from active trading can be lowered due to an increase in brokerage and other transaction costs.

### **Primarily Recommend One Type of Security**

Smedley Financial Services, Inc. does not primarily recommend only one type of security.

### **Risk of Loss**

Past performance is not indicative of future results. Therefore, you should never assume that future performance of any specific investment or investment strategy will be profitable. Investing in securities (including stocks, mutual funds, and bonds) involves risk of loss. Further, depending on the different types of investments there may be varying degrees of risk. You should be prepared to bear investment loss including loss of original principal.

Because of the inherent risk of loss associated with investing, our firm is unable to represent, guarantee, or even imply that our services and methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate you from losses due to market corrections or declines. There are certain additional risks associated when investing in securities through our investment management program.

- Market Risk – Either the stock market as a whole, or the value of an individual company, goes down resulting in a decrease in the value of client investments. This is also referred to as systemic risk.
- Equity (stock) market risk – Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer.
- Company Risk - When investing in stock positions, there is always a certain level of company or industry specific risk that is inherent in each investment. This is

also referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that the company will perform poorly or have its value reduced based on factors specific to the company or its industry. For example, if a company's employees go on strike or the company receives unfavorable media attention for its actions, the value of the company may be reduced.

- Fixed Income Risk - When investing in bonds, there is the risk that issuer will default on the bond and be unable to make payments. Further, individuals who depend on set amounts of periodically paid income face the risk that inflation will erode their spending power. Fixed-income investors typically receive set, regular payments that face the same inflation risk. High-yield bonds carry increased credit risk related to the quality of the issuing company.
- Foreign and Emerging Market Risk – Entails special risks such as currency fluctuations, political developments, economic and market instability. Emerging Markets involve heightened risk associated with the same factors and may have less liquidity.
- ETF and Mutual Fund Risk – When investing in an ETF or mutual fund, you will bear additional expenses based on your pro rata share of the ETF's or mutual fund's operating expenses, including the potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities the ETF or mutual fund holds. Clients will also incur brokerage costs when purchasing ETFs.
- Management Risk – Your investment with our firm varies with the success and failure of our investment strategies, research, analysis and determination of portfolio securities. If our investment strategies do not produce the expected returns, the value of the investment will decrease.

### **Item 9 – Disciplinary Information**

Item 9 is not applicable to this Disclosure Brochure because there are no legal or disciplinary events that are material to a client's or prospective client's evaluation of our business or integrity.

### **Item 10 – Other Financial Industry Activities and Affiliations**

Smedley Financial Services is an independent investment advisory firm and only provides investment advisory services. The firm is not engaged in any other business activities and offers no other services than those described in this Disclosure Brochure.

Smedley Financial Services is **not** and does **not** have a related company that is a:

1. Broker/dealer, municipal securities dealer, government securities dealer or broker,
2. Futures commission merchant, commodity pool operator or commodity trading adviser,

3. Investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or “hedge fund,” and offshore fund),
4. Other investment adviser
5. Financial planning firm,
6. Banking or thrift institution,
7. Lawyer or law firm,
8. Pension consultant,
9. Real estate broker or dealer,
10. Sponsor or syndicator of limited partnerships, or
11. Accountant or accounting firm.

While Smedley Financial Services does not sell products or services other than investment advice, our investment advisor representatives may sell other products or provide services outside of their role with Smedley Financial Services. Our investment advisor representatives concentrate the majority of their efforts toward sales of investments and investment advisory services.

**Relationship with Osaic Wealth, Inc.**

Depending on the type of Osaic Wealth account that could be used to implement a financial plan or investment strategy, such compensation may include (but is not limited to) advisory program fees; commissions; mark-ups and mark-downs; transaction charges; confirmation charges; small account fees; mutual fund 12b-1 fees; mutual fund sub-transfer agency fees; hedge fund managed futures, and variable annuity investor servicing fees; retirement plan fees; administrative services fees for trust accounts; compensation for directing order flow; and bonuses, awards or other things of value offered by Osaic Wealth to the advisor representative.

This compensation to the advisor representative and Osaic Wealth may be more or less depending on the product or service the advisor representative recommends. Therefore, the advisor representative has a financial incentive to recommend that a financial plan be implemented using a certain product or services.

Your representative may be incented to join and remain affiliated with Osaic Wealth through certain compensation arrangements which could include bonuses, enhanced pay-outs, forgivable loans and/or business transition loans. Furthermore, there may or may not be production goals associated with the recommendation of a transaction from your representative. The receipt of any such compensation would be considered to be a conflict of interest. We encourage you to review this ADV closely and discuss any conflicts of interest with your representative.

The investment advisor representatives of Smedley Financial Services may recommend securities or insurance products offered by Osaic Wealth (or other insurance firms), and will receive the normal commissions if products are purchased through them; thus a conflict of interest exists between their interests and those of Smedley Financial Services' clients. Clients are under no obligation to purchase products recommended by investment advisor representatives or to purchase products either through Smedley Financial Services or Osaic Wealth.

Our principals and/or associated persons devote approximately 15% of their time to securities and life insurance commission business.

### **Relationship with Osaic Wealth, Inc.**

We have established a relationship with Osaic Wealth, Inc., a registered investment advisor, to act as a sub-advisor in OWI's VISION2020 Wealth Management Platform, a wrap-fee program. In addition, we may use the services of OWI and their related firm VISION2020, registered investment advisors, through the VISION2020 Wealth Management Platform when managing assets and, when doing so, OWI will receive a portion of the fees.

### **Insurance Sales Activities**

Smedley Financial Services, Inc. is also licensed as an insurance agency with the state of Utah. Some of the firm's investment advisor representatives are also individually licensed as insurance agents to provide insurance services to clients. Insurance products are provided to clients for personal, estate and business needs to minimize clients' exposure to identified risks. Although clients are under no obligation to purchase insurance products recommended by investment advisor representative in their separate capacities as insurance agents, clients often purchase such products when needs arise. For clients of Smedley Financial Services who purchase products causing commissions to be generated these are paid to the investment advisor representatives in their separate capacities as insurance agents. For those investment advisor representatives who are insurance licensed, this activity varies throughout the year.

You are never obligated or required to purchase insurance products through one of our advisor representatives licensed as insurance agents. However, when acting as an insurance agent, our advisor representatives can help you purchase insurance products and will receive separate compensation (i.e. insurance commissions) in addition to investment advisory fees charged by Smedley Financial Services. Clients that choose to purchase insurance products through one of our advisor representatives should be aware they will generally only recommend insurance products of those companies for whom they are sales agents and with which they are familiar with the benefits, exclusions and other terms.

Because our advisor representatives will receive commissions for selling insurance products, there is a conflict of interest in that they may recommend policies to clients that do not require or need insurance. To control for this conflict of interest and to be consistent with our firm's fiduciary duty, our advisor representatives strive to recommend insurance products only to those clients who need new or additional insurance coverage.

### **Third-Party Money Managers**

Smedley Financial Services has developed several programs, previously described in *Item 5* of this disclosure brochure, designed to allow us to recommend and select third-party money managers for you. Please refer to *Items 4 and 5* for full details regarding the programs, fees, conflicts of interest and materials arrangements when Smedley Financial Services selects other investment advisers.

## **Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading**

### **Code of Ethics Summary**

#### **Investment Policy**

None of our employees may effect for himself or herself or for his or her immediate family (i.e. spouse, minor children) (collectively Covered Persons), any transactions in a security which is being actively purchased or sold, or is being considered for purchase or sale, on behalf of any of our clients, unless in accordance with the following firm procedures.

### **Firm Procedures**

In order to implement our investment policy, the following procedures have been put into place with respect to us and its Covered Persons:

- (1) If we are purchasing or considering for purchase any security on behalf of you, no Covered Persons may transact in that security prior to your purchase having been completed by us or until a decision has been made not to purchase the security on your behalf;
- (2) If we are selling or considering the sale of any security on your behalf, no Covered Persons may transact in that security prior to us completing the sale on your behalf or until a decision has been made not to sell the security on your behalf.

### **Exceptions**

- (1) This investment policy has been established recognizing that some securities being considered for purchase and sale on behalf of our client's trade in sufficiently broad markets to permit transactions by clients to be completed without any appreciable impact on the markets of the securities. Under certain circumstances, exceptions may be made to the policies stated above.

Records of these trades, including the reasons for the exceptions, will be maintained with the our records.

- (2) Open-end mutual funds and/or the investment subdivisions which may comprise a variable insurance product are purchased or redeemed at a fixed net asset value price per share specific to the date of purchase or redemption. As such, transactions in mutual funds and/or variable insurance products by Covered Persons are not likely to have an impact on the prices of the fund shares in which clients invest, and are, therefore, not prohibited by our Investment Policy and Procedures.

We are and will continue to be in compliance with *The Insider Trading and Securities Fraud Enforcement Act of 1988*. In accordance with Section 204A of the *Investment Advisers Act of 1940*, we also maintain and enforce written policies reasonably designed to prevent the misuse of material nonpublic information by us or any person associated with us.

According to the *Investment Advisers Act of 1940*, an investment advisor is considered a fiduciary. As a fiduciary, it is an investment advisor's responsibility to provide fair and full disclosure of all material facts. In addition, an investment advisor has a duty of utmost good faith to act solely in the best interest of each client. We and our associated persons have a fiduciary duty to all clients. We have established a Code of Ethics which all associated persons must read and then execute an acknowledgement agreeing that they understand and agree to comply with our Code of Ethics. We and associated persons' fiduciary duty to clients is considered the core underlying principle for our Code of Ethics and represents the expected basis for all associated persons' dealings with clients. We have the responsibility to make sure that the interests of clients are placed ahead of ours or our associated persons' own investment interests. All

associated persons will conduct business in an honest, ethical and fair manner. All associated persons will comply with all federal and state securities laws at all times. Full disclosure of all material facts and conflicts of interest will be provided to clients prior to services being conducted. All associated persons have a responsibility to avoid circumstances that might negatively affect or appear to affect the associated persons' duty of complete loyalty to their clients. This section is only intended to provide current clients and potential clients with a description of our Code of Ethics. If current clients or potential clients wish to review our Code of Ethics in its entirety, a copy may be requested from any of our associated persons and a copy will be provided promptly.

### **Affiliate and Employee Personal Securities Transactions Disclosure**

Smedley Financial Services, Inc. or our associated persons may buy or sell for their personal accounts, investment products identical to those recommended to clients. This creates a conflict of interest. It is the express policy of Smedley Financial Services, Inc. that all persons associated in any manner with our firm must place the interests of our clients ahead of their own when implementing personal investments. Smedley Financial Services, Inc. and its associated persons will not buy or sell securities for their personal account(s) where their decision is derived, in whole or in part, by information obtained as a result of employment or association with our firm unless the information is also available to the investing public upon reasonable inquiry. In order to minimize this conflict of interest, securities recommended by Smedley Financial Services, Inc. are widely held and publicly traded.

## **Item 12 – Brokerage Practices**

**1. Research and Other Soft Dollar Benefits** Smedley Financial Services, Inc. has no Soft Dollar agreements with any broker/dealer.

**2. Brokerage for Client Referrals** Smedley Financial Services, Inc. does not direct brokerage in return for client referrals.

Clients are under no obligation to act on the financial planning recommendations of Smedley Financial Services, Inc. If the firm assists in the implementation of any recommendations, we are responsible to ensure that the client receives the best execution possible.

We are limited in the broker/dealer or custodians that we are allowed to use due to our relationship with Osaic Wealth. Osaic Wealth may limit or restrict the broker/dealer or custodial platforms for its registered representatives that are also independently licensed due to its duty to supervise the transactions implemented by these individuals.

Although not a material consideration when determining whether to recommend that you utilize the services of NFS (or other designated broker/dealer/custodian), we may receive from NFS (or such other designated broker/dealer/custodian), without cost (and/or at a discount), support services and/or products which assist us to better monitor and service client accounts maintained at NFS (or such other designated broker/dealer/custodian).

Our associated persons sell securities and insurance products in their separate capacities as registered representatives and independent insurance agents and may earn sales commissions. Some of the advice offered by our associated persons involves investments in mutual fund products. Load and no-load mutual funds may pay annual distribution charges sometimes referred to as 12(b)-1 fees. Our associated

persons may receive a portion of these 12(b)-1 fees from some investment companies in their separate capacities as registered representatives. You should be aware that these 12(b)-1 fees come from fund assets, and thus, indirectly from your assets. The receipt of these fees could represent an incentive for our associated persons to recommend funds with 12(b)-1 fees or higher 12(b)-1 fees over funds with no fees or lower fees, therefore creating a conflict of interest.

From time to time we may receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for whom sales have been made or it is anticipated sales will be made.

In addition, in seeking best execution through NFS (or any other custodian), the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration, the full range of broker/dealer services, including historical relationship, reputation, financial strength, the value of research provided, execution capability, commission rates and responsiveness.

**Execution of Brokerage Transactions (when applicable)** In seeking best execution, the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker/dealer's services including the value of research provided, execution capability, commission rates and responsiveness. Accordingly, although we will seek competitive commission rates, we may not necessarily obtain the lowest possible commission rates for account transactions.

Consistent with obtaining best execution, transactions for the client's account may be effected through broker/dealers in return for research products and/or services which assist us in our investment decision making process. Such research generally will be used to service all of our clients (including accounts that may not generate commissions used to pay for investment research), but brokerage commissions paid by the client may be used to pay for research that is not used in managing the client's account. The account may pay to a broker/dealer a commission greater than another qualified broker/dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received.

### **Handling Trade Errors**

Smedley Financial Services, Inc. has implemented procedures designed to prevent trade errors; however, trade errors in client accounts cannot always be avoided. Consistent with its fiduciary duty, it is our policy to correct trade errors in a manner that is in the best interest of the client. In cases where the client causes the trade error, the client will be responsible for any loss resulting from the correction. shall be voted and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Smedley Financial Services, Inc. and/or the client will correspondingly instruct each custodian of the assets to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

With respect to assets managed by a third-party money manager, we will not vote the proxies associated with these assets. You will need to refer to each third-party money manager's disclosure brochure to determine whether the third-party money manager will vote proxies on your behalf. You may request a complete copy of third-party money manager's proxy voting policies and procedures as well as information on how your proxies were voted by contacting the third-party money manager or by contacting Smedley Financial Services at the address or phone number indicated on Page 1 of this disclosure document.

### **Disciplinary Information**

## **Other Business Activities**

### **Registered Representative of Osaic Wealth, Inc.**

Roger Smedley is separately licensed as a registered representative with Osaic Wealth, Inc. ("OSAIC"), a full service broker/dealer, member Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). When acting in his separate capacity as a registered representative of OSAIC, Mr. Smedley may sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to advisory clients. As such, he may suggest that advisory clients implement investment advice by purchasing securities products through a commission-based OSAIC *account* in addition to a Smedley Financial Services, Inc. advisory account.

The receipt of commissions creates an incentive for Roger Smedley to recommend those products for which he will receive a commission. Consequently, the objectivity of the advice rendered to clients could be biased. Mr. Smedley controls for this potential conflict of interest by discussing with clients the advantages and disadvantages of establishing a fee-based account through Smedley Financial Services, Inc. versus establishing a commission-based account through OSAIC. Smedley Financial Services, Inc. does not require its advisor representatives to encourage clients to implement investment advice through OSAIC.

Roger Smedley does not earn commissions in fee-based accounts.

Roger Smedley will receive 12b-1 fees from certain mutual fund companies as outlined in the fund's prospectus. 12b-1 fees come from fund assets, therefore, indirectly from client assets. The receipt of such fees could represent an incentive for Mr. Smedley to recommend funds with 12b-1 fees over funds that have no fees or lower fees. Typically, Mr. Smedley will receive 12b-1 fees only in commission-based brokerage accounts. Mr. Smedley discusses with clients the selection of a 12b-1 paying mutual fund or other trail paying mutual funds. Smedley Financial Services, Inc. maintains records of all 12b-1 fee payments to Mr. Smedley which may be viewed by clients upon request.

Clients are never obligated or required to establish accounts through Smedley Financial Services, Inc. or OSAIC. However, if a client chooses not to accept Roger Smedley's advice or decides not to establish an account through OSAIC or an OSAIC -approved custodian, Mr. Smedley may not be able to implement transactions for the client. Clients should understand that, due to certain regulatory constraints, Mr. Smedley, in his capacity as a OSAIC *registered* representative must place all purchases and sales of securities products in commission-based brokerage accounts through OSAIC or its other approved institutions.

### **Insurance Agent**

Roger Smedley is independently licensed to sell insurance and annuity products through various insurance companies. When acting in this capacity, Mr. Smedley will receive commissions for selling insurance and annuity products.

Roger Smedley may also receive other incentive awards for the recommendation/sale of annuities and other insurance products. The receipt of compensation and other incentive benefits may affect the judgment of Mr. Smedley when recommending products to clients. While Mr. Smedley endeavors at all times to put the interest of his clients first as a part of Mr. Smedley's overall fiduciary duty to clients,

clients should be aware that the receipt of commissions and additional compensation itself creates a conflict of interest, and may affect Mr. Smedley's decision making process when making recommendations.

Clients are never obligated or required to purchase insurance products from or through Roger Smedley and may choose any independent insurance agent and insurance company to purchase insurance products. Regardless of the insurance agent selected, the insurance agent or agency will receive normal commissions from the sale.

### **Additional Compensation**

Certain product sponsors may provide Roger Smedley with other economic benefits as a result of his recommending or selling the product sponsors' investments. The economic benefits he receives from product sponsors can include, but are not limited to, financial assistance or the sponsorship of conferences and educational sessions, marketing support, incentive awards, payment of travel expenses, and tools to assist him in providing various services to clients.

Smedley Financial Services, Inc. and Roger Smedley endeavor at all times to put the interest of clients ahead of their own interests or those of the advisor's officers, directors, or representatives. However, these arrangements could affect Mr. Smedley's judgment when recommending investment products and present a conflict of interest.

### **Supervision**

James Derrick is the Chief Compliance Officer of Smedley Financial Services, Inc. He is responsible for developing, overseeing and enforcing the firm's compliance programs that have been established to monitor and supervise the activities and services provided by the firm and its representatives, including Roger Smedley. Mr. Derrick can be contacted at (801) 355-8888.

### **Registered Representative of Osaic Wealth, Inc.**

Sharla Jessop is separately licensed as a registered representative with Osaic Wealth, Inc. ("OSAIC"), a full service broker/dealer, member Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). When acting in her separate capacity as a registered representative of OSAIC, Mrs. Jessop may sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to advisory clients. Mrs. Jessop controls for this potential conflict of interest by discussing with clients the advantages and disadvantages of establishing a fee-based account through Smedley Financial Services, Inc. versus establishing a commission-based account through OSAIC. Clients should understand that, due to certain regulatory constraints, Mrs. Jessop, in her capacity as a OSAIC registered representative must place all purchases and sales of securities products in commission-based brokerage accounts through OSAIC or its other approved institutions.

### **Insurance Agent**

Sharla Jessop is independently licensed to sell insurance and annuity products through various insurance companies. When acting in this capacity, Mrs. Jessop will receive commissions for selling insurance and annuity products.

Sharla Jessop may also receive other incentive awards for the recommendation/sale of annuities and other insurance products. The receipt of compensation and other incentive benefits may affect the judgment of Mrs. Jessop when recommending products to clients. While Mrs. Jessop endeavors at all times to put the interest of her clients first as a part of Mrs. Jessop's overall fiduciary duty to clients,

clients should be aware that the receipt of commissions and additional compensation itself creates a conflict of interest, and may affect Mrs. Jessop's decision making process when making recommendations.

Clients are never obligated or required to purchase insurance products from or through Sharla Jessop and may choose any independent insurance agent and insurance company to purchase insurance products. Regardless of the insurance agent selected, the insurance agent or agency will receive normal commissions from the sale.

### **Additional Compensation**

Certain product sponsors may provide Sharla Jessop with other economic benefits as a result of her recommending or selling the product sponsors' investments. The economic benefits she receives from product sponsors can include, but are not limited to, financial assistance or the sponsorship of conferences and educational sessions, marketing support, incentive awards, payment of travel expenses, and tools to assist her in providing various services to clients.

Your representative may be incented to remain affiliated with Osaic Wealth through certain compensation arrangements which could include bonuses, enhanced pay-outs, forgivable loans, stock options and/or business transition loans. Furthermore, there may or may not be production goals associated with the recommendation of a transaction from your representative. The receipt of any such compensation may be considered to be a conflict of interest. We encourage you to review Smedley Financials Form ADV closely and discuss any potential conflicts of interest with your representative.

Smedley Financial Services, Inc. and Sharla Jessop endeavor at all times to put the interest of clients ahead of their own interests or those of the advisor's officers, directors, or representatives. However, these arrangements could affect Mrs. Jessop's judgment when recommending investment products and present a conflict of interest.

In connection with her affiliation as a registered representative of Osaic Wealth, and Smedley Financial Services, Inc. using the services of Osaic Wealth as its primary broker/dealer, Osaic Wealth provided a Promissory Note to Sharla Jessop, totaling \$116,000. The Promissory Note was provided in October 2024 and is expected to be forgiven in seven (7) years if Sharla Jessop's relationship with Osaic Wealth continues and the extent of her production with Osaic Wealth continues at a specified rate.

The Promissory Note is intended as an incentive to Sharla Jessop to continue to engage Osaic Wealth for trade executions on behalf of Smedley Financial Services advisory clients after the acquisition and subsequent merger by Osaic Wealth of Securities America, Inc. The investment advisory fees charged to clients were not affected by the Osaic Wealth/Securities America transaction.

The Promissory Notes to Sharla Jessop creates a conflict of interest in that our recommendation that clients utilize the services of Osaic Wealth is partially based on our financial incentive rather than based exclusively on the client's interests of best execution. However, we have developed procedures to control for this conflict of interest. We conduct annual due diligence and best execution reviews of Osaic Wealth. We consider numerous factors when making the decision to utilize the services of Osaic Wealth versus other broker/dealers.

Although Smedley Financial Services receives certain economic and non-economic benefits from Osaic Wealth, we consider the totality of Osaic Wealth services and benefits provided to client accounts when

deciding to execute trades on the Osaic Wealth platform. Smedley Financial Services, Inc. has systems in place to review IAR managed accounts for suitability and best execution practices over the course of the advisory relationship. Overall, our decision to use Osaic Wealth is made because we think that it is in the client's best interest to do so based on the quality and pricing of execution, benefits of an integrated platform for brokerage and advisory accounts, and other services provided by Osaic Wealth and its affiliates.

### **Disciplinary Information**

James Derrick has no disciplinary history required to be disclosed by the U.S. Securities and Exchange Commission or state regulatory authorities.

## **Other Business Activities**

### **Registered Representative of Osaic Wealth, Inc.**

James Derrick is separately licensed as a registered representative with Osaic Wealth, Inc. ("OSAIC"), a full service broker/dealer, member Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). When acting in his separate capacity as a registered representative of OSAIC, Mr. Derrick may sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to advisory clients. As such, he may suggest that advisory clients implement investment advice by purchasing securities products through a commission-based OSAIC *account* in addition to a Smedley Financial Services, Inc. advisory account.

The receipt of commissions creates an incentive for James Derrick to recommend those products for which he will receive a commission. Consequently, the objectivity of the advice rendered to clients could be biased. Mr. Derrick controls for this potential conflict of interest by discussing with clients the advantages and disadvantages of establishing a fee-based account through Smedley Financial Services, Inc. versus establishing a commission-based account through SAI. Smedley Financial Services, Inc. does not require its advisor representatives to encourage clients to implement investment advice through OSAIC.

James Derrick does not earn commissions in fee-based accounts.

James Derrick will receive 12b-1 fees from certain mutual fund companies as outlined in the fund's prospectus. 12b-1 fees come from fund assets, therefore, indirectly from client assets. The receipt of such fees could represent an incentive for Mr. Derrick to recommend funds with 12b-1 fees over funds that have no fees or lower fees. Typically, Mr. Derrick will receive 12b-1 fees only in commission-based brokerage accounts. Mr. Derrick discusses with clients the selection of a 12b-1 paying mutual fund or other trail paying mutual funds. Smedley Financial Services, Inc. maintains records of all 12b-1 fee payments to Mr. Derrick which may be viewed by clients upon request.

Clients are never obligated or required to establish accounts through Smedley Financial Services, Inc. or OSAIC. However, if a client chooses not to accept James Derrick's advice or decides not to establish an account through OSAIC or an OSAIC-approved custodian, Mr. Derrick may not be able to implement transactions for the client. Clients should understand that, due to certain regulatory constraints, Mr. Derrick, in his capacity as a OSAIC registered representative must place all purchases and sales of securities products in commission-based brokerage accounts through OSAIC or its other approved institutions.

### **Insurance Agent**

James Derrick is independently licensed to sell insurance and annuity products through various insurance companies. When acting in this capacity, Mr. Derrick will receive commissions for selling insurance and annuity products.

James Derrick may also receive other incentive awards for the recommendation/sale of annuities and other insurance products. The receipt of compensation and other incentive benefits may affect the judgment of Mr. Derrick when recommending products to clients. While Mr. Derrick endeavors at all times

to put the interest of his clients first as a part of Mr. Derrick's overall fiduciary duty to clients, clients should be aware that the receipt of commissions and additional compensation itself creates a conflict of interest, and may affect Mr. Derrick's decision making process when making recommendations.

Clients are never obligated or required to purchase insurance products from or through James Derrick and may choose any independent insurance agent and insurance company to purchase insurance products. Regardless of the insurance agent selected, the insurance agent or agency will receive normal commissions from the sale.

### **Additional Compensation**

Certain product sponsors may provide James Derrick with other economic benefits as a result of his recommending or selling the product sponsors' investments. The economic benefits he receives from product sponsors can include, but are not limited to, financial assistance or the sponsorship of conferences and educational sessions, marketing support, incentive awards, payment of travel expenses, and tools to assist him in providing various services to clients.

Your representative may be incented to remain affiliated with Osaic Wealth through certain compensation arrangements which could include bonuses, enhanced pay-outs, forgivable loans, stock options and/or business transition loans. Furthermore, there may or may not be production goals associated with the recommendation of a transaction from your representative. The receipt of any such compensation may be considered to be a conflict of interest. We encourage you to review Smedley Financials Form ADV closely and discuss any potential conflicts of interest with your representative.

Smedley Financial Services, Inc. and James Derrick endeavor at all times to put the interest of clients ahead of their own interests or those of the advisor's officers, directors, or representatives. However, these arrangements could affect Mr. Derrick's judgment when recommending investment products and present a conflict of interest.

In connection with his affiliation as a registered representative of Osaic Wealth, and Smedley Financial Services, Inc. using the services of Osaic Wealth as its primary broker/dealer, Osaic Wealth provided a Promissory Note to James Derrick, totaling \$117,000. The Promissory Note was provided in October 2024 and is expected to be forgiven in seven (7) years if James Derrick's relationship with Osaic Wealth continues and the extent of his production with Osaic Wealth continues at a specified rate.

The Promissory Note is intended as an incentive to James Derrick to continue to engage Osaic Wealth for trade executions on behalf of Smedley Financial Services advisory clients after the acquisition and subsequent merger by Osaic Wealth of Securities America, Inc. The investment advisory fees charged to clients were not affected by the Osaic Wealth/Securities America transaction.

The Promissory Notes to James Derrick creates a conflict of interest in that our recommendation that clients utilize the services of Osaic Wealth is partially based on our financial incentive rather than based exclusively on the client's interests of best execution. However, we have developed procedures to control for this conflict of interest. We conduct annual due diligence and best execution reviews of Osaic Wealth. We consider numerous factors when making the decision to utilize the services of Osaic Wealth versus other broker/dealers.

Although Smedley Financial Services receives certain economic and non-economic benefits from Osaic Wealth, we consider the totality of Osaic Wealth services and benefits provided to client accounts when deciding to execute trades on the Osaic Wealth platform. Smedley Financial Services, Inc. has systems

in place to review IAR managed accounts for suitability and best execution practices over the course of the advisory relationship. Overall, our decision to use Osaic Wealth is made because we think that it is in the client's best interest to do so based on the quality and pricing of execution, benefits of an integrated platform for brokerage and advisory accounts, and other services provided by Osaic Wealth and its affiliates.

### **Supervision**

James Derrick is the Chief Compliance Officer of Smedley Financial Services, Inc. He is responsible for developing, overseeing and enforcing the firm's compliance programs that have been established to monitor and supervise the activities and services provided by the firm and its representatives, including himself. Mr. Derrick can be contacted at (801) 355-8888.

### **Disciplinary Information**

Parker Thompson has no disciplinary history required to be disclosed by the U.S. Securities and Exchange Commission or state regulatory authorities.

## **Other Business Activities**

### **Registered Representative of Osaic Wealth, Inc.**

Parker Thompson is separately licensed as a registered representative with Osaci Wealth, Inc. ("OSAIC"), a full service broker/dealer, member Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). When acting in her separate capacity as a registered representative of OSAIC, Ms. Thompson may sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to advisory clients. As such, she may suggest that advisory clients implement investment advice by purchasing securities products through a commission-based OSAIC account in addition to a Smedley Financial Services, Inc. advisory account.

The receipt of commissions creates an incentive for Parker Thompson to recommend those products for which she will receive a commission. Consequently, the objectivity of the advice rendered to clients could be biased. Ms. Thompson controls for this potential conflict of interest by discussing with clients the advantages and disadvantages of establishing a fee-based account through Smedley Financial Services, Inc. versus establishing a commission-based account through OSAIC. Smedley Financial Services, Inc. does not require its advisor representatives to encourage clients to implement investment advice through OSAIC.

Parker Thompson does not earn commissions in fee-based accounts.

Parker Thompson will receive 12b-1 fees from certain mutual fund companies as outlined in the fund's prospectus. 12b-1 fees come from fund assets, therefore, indirectly from client assets. The receipt of such fees could represent an incentive for Ms. Thompson to recommend funds with 12b-1 fees over funds that have no fees or lower fees. Typically, Ms. Thompson will receive 12b-1 fees only in commission-based brokerage accounts. Ms. Thompson discusses with clients the selection of a 12b-1 paying mutual fund or other trail paying mutual funds. Smedley Financial Services, Inc. maintains records of all 12b-1 fee payments to Ms. Thompson which may be viewed by clients upon request.

Clients are never obligated or required to establish accounts through Smedley Financial Services, Inc. or OSAIC. However, if a client chooses not to accept Parker Thompson's advice or decides not to establish an account through OSAIC or an OSAIC-approved custodian, Ms. Thompson may not be able to implement transactions for the client. Clients should understand that, due to certain regulatory constraints, Ms. Thompson, in her capacity as a OSAIC registered representative must place all purchases and sales of securities products in commission-based brokerage accounts through OSAIC or its other approved institutions.

### **Insurance Agent**

Parker Thompson is independently licensed to sell insurance and annuity products through various insurance companies. When acting in this capacity, Mr. Thompson will receive commissions for selling insurance and annuity products.

Parker Thompson may also receive other incentive awards for the recommendation/sale of annuities and other insurance products. The receipt of compensation and other incentive benefits may affect the judgment of Mr. Thompson when recommending products to clients. While Mr. Thompson endeavors at all times to put the interest of his clients first as a part of Mr. Thompson's overall fiduciary duty to clients, clients should be aware that the receipt of commissions and additional compensation itself creates a

conflict of interest and may affect Mr. Thompson's decision-making process when making recommendations.

Clients are never obligated or required to purchase insurance products from or through Parker Thompson and may choose any independent insurance agent and insurance company to purchase insurance products. Regardless of the insurance agent selected, the insurance agent or agency will receive normal commissions from the sale.

### **Additional Compensation**

Certain product sponsors may provide Parker Thompson with other economic benefits as a result of her recommending or selling the product sponsors' investments. The economic benefits she receives from product sponsors can include, but are not limited to, financial assistance or the sponsorship of conferences and educational sessions, marketing support, incentive awards, payment of travel expenses, and tools to assist her in providing various services to clients.

Your representative may be incented to remain affiliated with Osaic Wealth through certain compensation arrangements which could include bonuses, enhanced pay-outs, forgivable loans, stock options and/or business transition loans. Furthermore, there may or may not be production goals associated with the recommendation of a transaction from your representative. The receipt of any such compensation may be considered to be a conflict of interest. We encourage you to review Smedley Financials Form ADV closely and discuss any potential conflicts of interest with your representative.

Smedley Financial Services, Inc. and Parker Thompson endeavor at all times to put the interest of clients ahead of their own interests or those of the advisor's officers, directors, or representatives. However, these arrangements could affect Ms. Thompson's judgment when recommending investment products and present a conflict of interest.
